

Gaining a Deeper Understanding of Historical & Intergenerational Trauma

**Thursday,
February 24
6:30 -8:30pm**

Via Zoom

In part 2 of this 3-part series, we will shift from looking inward to looking outward to who WE are. We will explore how implicit bias (beliefs and values held subconsciously) can affect how we see and work with children and families. We will cover terms and definitions and the history of how we got here in order to better understand the impacts of racism.
