

# Trauma-Informed Care FALL 2022 / WINTER 2023

## **VIRTUAL** Series: Module 1, parts 3-4

Childhood trauma is our single most important public health challenge. Trauma Informed Care (TIC) trainings are the first step in working towards a trauma-responsive program that supports ALL children.

TIC, Module 1 will help you understand the effects of trauma and early adversity and practices to support children.

### What Can I Do?

**Thursday, November 17, 2022**  
**6:30 pm - 8:30 pm**

Learn some key strategies that use relationship-based approaches to support healing and build resilience in young children.

### How Can I Help?

**Thursday, January 19, 2023**  
**6:30 pm - 8:30 pm**

Integrating knowledge of trauma and early adversity into a roadmap for practices you can adopt to provide trauma-sensitive environments that reduce triggers and promote sensory and emotional literacy.
